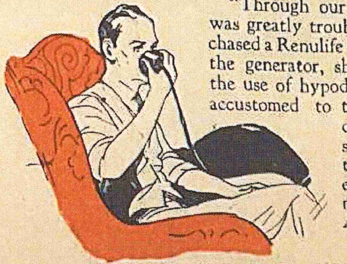
ASTHMA

The Ozone Treatment is Effective for Asthma and Bronchial Disorders

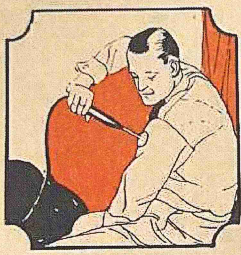


"Through our advice, a friend who was greatly troubled with Asthma purchased a Renulife Generator. Since using the generator, she has not resorted to the use of hypodermics, which she was accustomed to taking very frequently during the day. She strongly recommends the Violet Ray Generator to anyone who may be troubled with Asthma."

NEURITIS AND SCIATICA

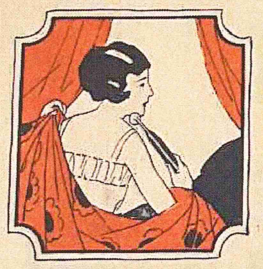
Pain Quickly Relieved with Renulife Violet Ray

"The Model C. Generator has helped me wonderfully. I have taken fifteen treatments. When I began I had Neuritis in both arms and Sciatica in my left limb, and suffered so much I didn't know what a night's rest was. Had to get up two or three times a night, and walk the floor. Now I don't have to get up at night, and sleep better than I have for a long time. My limb was so painful that I could only sit for about fifteen minutes at a time. I can sit as long as I please now without discomfort."



NERVOUS PAINS, NEURALGIA, NERVOUSNESS

Relieved by Violet Ray After a Short Treatment

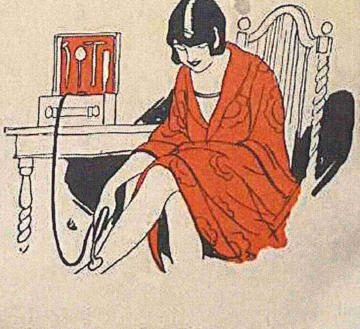


"I wish to thank you for the good your high frequency Violet Ray has done for me. I was a nervous wreck and almost crazy from sleeplessness and now I rest perfectly. Can hardly wait for time to go to bed and seldom wake more than once or twice through the night and when morning comes I feel so rested, and all my nervousness has gone. I feel like a new person."

RHEUMATISM

Read what this Woman Says about the Efficiency of Renulife Violet Ray in Treating Rheumatism

"I am delighted with the Violet Ray treatment. I could not get along without it. I do not groan all night with pain but sleep like a baby. It gives me strength and vigor to do my house work. Otherwise I would be confined to my bed with this dreadful rheumatism. It keeps the enlargement of my joints down."



Health – Strength – Beauty

High Frequency Violet Ray Simply Explained

High Frequency electric current has an entirely different effect on the human body than the crude, shocking sensation produced by ordinary electric current. There is no shock, pain or muscular contraction from the Violet Ray High Frequency current. The ordinary house lighting current is completely modified. Its volume or amperage is reduced to a low measure, while the pressure, or voltage is tremendously increased and the number of oscillations raised exceedingly high. When this modified current is applied to the human body, the nerves are insensible to the electric waves because of their enormous rapidity of movement. The Renulife High Frequency current is pleasant and painless, yet penetrative and effective.

High Frequency treatments are applied by a vacuum glass tube called an Electrode, in which the High Frequency current shows in a violet colored glow. From this phenomenon the common name Violet Ray is derived.

Increase Your Efficiency Through a Course of Renulife High Frequency Treatments

The stimulating effects of the Renulife Violet Ray are of inestimable benefit to the modern business or professional man who, cooped up in an office or store all day, has not the time for gymnastics or systematic physical exercise. Sitting in a chair for hours at a time, his circulation becomes sluggish, the poisons are not eliminated properly from the body and the nerve force is used more rapidly than it is renewed. A run-down, tired-out condition results, which lowers general working efficiency and takes the edge off mental alertness and physical vigor.

For that Tired, Worn-Out, Run-Down Feeling

Some constitutions will stand much more abuse than others. Persistent overwork will break down the strongest constitution. You notice a lessening of your animal spirits; you realize that there is a limit to your endurance; your appetite is not good; your back aches; you have dizzy spells when you stoop; you have pains in your chest and shoulders; your food does not digest; your bowels are irregular; and you do not get rest from your sleep but awaken tired; you are dull and without your old ambition; your vital force is low—in fact your reserve strength is gone, and your resistance is breaking down.

Nature will repair the damage if you give her the right aid.

Get your blood circulating properly again. Tone and restore the quality of the blood tissues and nerves. With a Renulife you can stimulate and revitalize your entire system reestablish healthy circulation, and set all the vital functions in robust action.

How Renulife Benefits the Ailing

It is extremely doubtful whether any of the manifold uses of electricity has proven more beneficial to mankind than its application to the healing art.

The Violet Ray is a thorough treatment; the irresistible, revitalizing powers of the Violet Ray being carried at once to every nerve cell, fiber and part of the body; even the heart is saturated. It increases the oxygen in the blood, enriching and purifying it, and giving added vitality and strength, and so eliminates the poisonous waste products to which much disease is due. It exercises without effort or the weakening waste of energy. The Violet Ray reaches and treats the cause of the disease whether known or not, and so strikes at the very root of the disturbance.

The Renulife Violet Ray High Frequency current produces a cellular massage. Instead of the contraction of muscles, the individual cells are stimulated by the oscillation of the electric current. This causes a marked improvement in nutrition and general health. The benefits are not confined to the local area or part, but are constitutional in results.

Drives Out Pains and Aches

Aches and pains are messages from some troubled organ, muscle or nerve It is a call for relief. It may be the stomach is in distress with an overtaxing load, or the bowels congested, or the nervous system in general reacting against some abuse. The pain or ache may be localized while the cause originated in a remote functional relation.

A pain in an arm is likely to be the local manifestation of a blood stream laden with poison, which has also affected the nerves and the result is Rheumatism.

The Violet Ray is the most potent pain and ache eradicator because while it breaks up local congestions, stimulating circulation, at the same time it acts directly on the blood A baptism of ozone purifies the blood relieving nerve pressure. Pains and aches vanish.

Some Uses of Renulife Violet Ray

In this booklet no attempt is made to give full directions for using Renulife Violet Ray. The treatment chart and directions for operating accompanying each instrument take up in detail just how to secure the best results in treating each of the ailments enumerated. Renulife Models and Electrodes are shown on pages 21 - 28. Diseases are discussed in alphabetical order. The testimonials are taken from unsolicited letters sent us by Renulife users.

ACNE (Pimples)

Renulife Violet Ray is a boon to those afflicted with Acne. The disfigurement of a pimply skin can be overcome by using Electrode No. 1 over the affected surface for from seven to ten minutes, three to six times a week.

"I am now entirely relieved of Acne, which I have been treating with your Violet Ray, and I see no symptoms of its return."

ALOPECIA (Falling Hair)

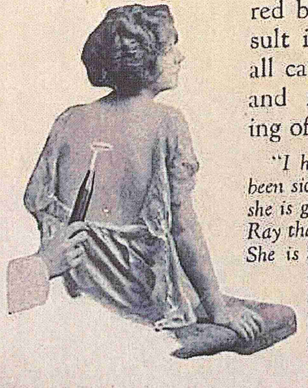
Falling hair is usually caused by improper circulation of the blood. Renulife Violet Ray scalp treatments insure proper nourishment of the scalp and consequently are beneficial in the treatment of dandruff, falling hair, gray hair and itching scalp.

"After using your Violet Ray Generator for a short time, I wish to tell you that it has completely cured me of falling hair and dandruff. I notice also that it is restoring my hair to its natural color."

ANEMIA (Lack of Red Corpuscles in Blood)

When the Renulife Violet Ray is applied to the body, two things result: Increased circulation of the blood and by actual count, an increased number of red blood corpuscles. The result is extremely beneficial in all cases of Anemia, Chlorosis and Arteriosclerosis (Hardening of the Arteries).

"I have a girl 12 years old, who has been sick for two years, and I find that she is getting more help from the Violet Ray than the best doctors can do for her. She is Anemic and has been unable to sleep. But after five months' treatment she sleeps all night without waking up. We are in hopes she can go to school again soon."



ASTHMA

Asthma is treated with Electrode No. 1 in light contact over the chest and throat glands, and over the shoulder blades down as far as the waist. Ozone inhalations supplement this treatment. Hundreds of Asthma sufferers have found relief with Violet Ray.

"My son had Chronic Bronchial Asthma. Every time we had rainy or foggy weather these attacks came on. He could scarcely breathe. Since taking Renulife Ozone treatments he has had but one slight attack. Since then he has not been troubled with Asthma and I find his breathing is so much better."

BLADDER DISEASE (Cystitis)
(Inflammation of the Bladder)

Vacuum tube treatment has been found to produce remarkable results in cases of inflammation of the bladder. Treatment may be given daily, or in acute cases every four hours. Results usually follow in short order. Treat locally over the bladder and lower spine with Electrode No. 1 using a strong current with light contact. In women, treat through the vagina with Electrode No. 9, thereby getting the current to the neck of the bladder. In men or in young girls, use Electrode No. 7 in the rectum.

"I have scored another success with my Model 'R' Renulife. Last Saturday I was taken with a hemorrhage of the bladder. My doctor suggested that I try No. 27 Electrode. I followed the directions and next morning there was no trace of trouble. I feel rather wonderful about it."

BOILS

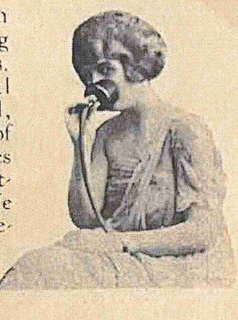
Boils are successfully treated with medium to strong Renulife current for seven or eight minutes twice a day. Where a boil has started it can often be stopped by the Violet Ray current. If it cannot be stopped it will come to a head much quicker and the pain will be greatly relieved.

"A man came to me with a big boil on his forearm, and his arm was so lame he could not lift it. I gave him a treatment with my Violet Ray machine, and the next day the boil was gone, and the soreness was all gone out of his arm. This shows you what Violet Ray will do."

BRONCHITIS

Very beneficial results can be obtained with Violet Ray in the treatment of Bronchitis, especially when the Ozone attachment is also used.

CATARRH AND CATARRHAL DEAFNESS



Great benefit is derived in cases of Catarrh by inhaling Ozone through the nostrils. Catarrh affects the nasal organs, and if neglected, afflicts the front cavities of the head, throat and tubes leading to the ears, also threatening the lungs. Renulife Violet Ray is especially useful in combating all Catarrhal conditions. Apply a mild current over the nose and forehead, then insert a small electrode No. 21 in the nostril, having the current turned off before doing so, then let the current pass from three to five minutes. Follow this by inhaling ozone. Almost immediate relief will be obtained.

"My wife suffered from Catarrhal Deafness. For years she has been left afflicted through Scarlet. Fever, and while she is now 42 years old, she never had the pleasure of knowing what her hearing meant. At Christmas time I brought home a Renulife Violet Ray Generator with Ozone attachment, and after four weeks of persistent treatment, my wife found that an accumulation of waste matter had been dislodged in her ear sufficient to have some part of it cling to the ear electrode. This was removed at the time that she took the electrode from her ear. At the same time a part of the congestion had dropped into her throat and from that moment she realized what it meant to have the use of her ears, as do those that have not afflictions.

"We have continuously used this equipment in our home since this accomplishment and we consider that it is the greatest asset for our health, it being so situated and connected so that every member of the family can avail themselves of the use of the machine without any inconvenience."

CONSTIPATION

Constipation is usually caused by sluggishness of the bowels; the nerves or muscles controlling their action are stimulated by applying Electrode No. 1 in contact with the abdomen for ten minutes daily. Renulife Violet Ray treatment restores the nerves and muscles to activity so that permanent recovery is effected. When laxatives are used, no permanent cure can be expected. but on the other hand, sluggishness is increased, and a chronic condition detrimental to health becomes permanent. Renulife Violet Ray is the best way to help nature in the treatment of constipation.

"Just a line to tell you I am getting along fine, and am free from constipation trouble. You can surely call me a renewed man."

COLD IN THE HEAD

Colds in the head are especially disagreeable, and relief can be found by applying No. 1 Electrode to the forehead, sides of nose and face in light contact for ten minutes twice daily, and inhaling ozone for ten minutes four times daily. Immediate relief may be expected.

DANDRUFF

Rake Comb Electrode No. 2 is especially designed for treatment of the scalp. Most troubles, such as falling hair, baldness, dandruff, are due to improper nourishment of the scalp cells. These cells starve for the life-giving oxygen which the blood should carry to them. Renulife Violet Ray restores the scalp to normalcy, stimulating the circulation of the blood, so that they again produce hair. At the same time the Renulife treatment destroys the bacterial and parasitic germs present which cause dandruff. The consistent use of Rake Comb Electrode No. 2 will end scalp troubles.

"I certainly enjoy the use of the Renulife I received from you, and I believe it will be of great benefit to me. Electrode No. 2 is a great dandruff loosener."

DEAFNESS

For Catarrhal Deafness, High Frequency current in connection with mechanical vibration yields remarkable results in 90% of the cases treated. Use insulated ear electrode No. 21 with a mild current for three to seven minutes daily. Marked improvement will result in practically every case.

"My hearing has improved wonderfully. In fact, my hearing in the left ear is almost normal now."

"I am still improving in hearing and general health conditions and can recommend the generator with confidence."

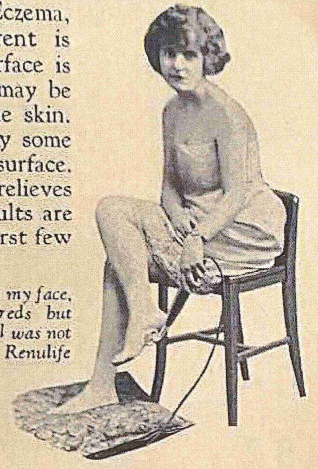
DYSPEPSIA

Renulife Violet Ray treatment, together with proper diet, brings relief from dyspepsia enabling the digestive organs to produce enough of the digestive juices to properly digest foods eaten. Use a strong current with Electrode No. 1 over the upper portion of the spine and over the stomach area. Take a treatment every day for ten minutes. Inhalations of ozone will be found very beneficial.

"We had a very severe case of indigestion in our family and I treated it with the Violet Ray, applying it twice daily, with the result that the patient was up and about the house within two days."

ECZEMA

(See also Acne and Skin Diseases)



In the treatment of Eczema, High Frequency current is invaluable. If the surface is dry, Electrode No. 1 may be used directly over the skin. If the area is moist, lay some thin gauze over the surface. Renulife treatment relieves itching, and good results are noted after the very first few treatments.

"Had weeping Eczema on my face, and have spent not hundreds but thousands of dollars, and still was not cured. After trying your Renulife Generator I noted good results after first few treatments and am now entirely well and my face perfectly smooth."

EARACHE

Earache is usually relieved by application of Electrode No. 21 inserted in the ear, using a moderate current. It is left there for three to ten minutes until the heat generated becomes uncomfortable. By this time the pain will have stopped, unless it is due to pressure back of the drum, in which case this treatment will not be effective.

Note: In all treatments of the ears be sure to have the ear electrode inserted before turning on the current and turn off before removing it.

ENLARGED PROSTATE (See Prostatic Diseases)

EYE DISEASES

Specialists find high frequency current invaluable in the treatment of eye diseases. In treating diseases of the eye, use the eye electrode in contact with the closed lid for not more than three minutes for each treatment. Treatments may be taken twice daily. Be sure to have the electrode in contact with the closed lid before turning the current on, and turn current off again before removing it. The revitalizing of the cells of the eye through Violet Ray is the reason for the improvement noted after taking these treatments. Electrode No. 16 is made to fit over one eye and double eye Electrode No. 17 is used for treating both eyes at the same time.

"I am having great success in the treatment of weak eyes."

"I have had the machine one week and am well pleased with it and my eyes are improving."

GOITER

Goiter is an enlargement of the thyroid gland. Many testimonials indicate splendid successes obtained by Renulife treatment of goiter. Electrode No. 1 or No. 4 is used to treat around and over the goiter.

"I have used the Renulife Violet Ray Generator in the treatment of my goiter with remarkable results. I used it twice daily. At the end of the first week my goiter began to decrease in size. At the end of three weeks it was entirely unnoticeable and I immediately began to feel better generally."

GRAY HAIR

Gray Hair, especially premature grayness, can be traced to lack of nourishment of the scalp cells. A woman who was being treated for baldness with High Frequency current, found that new hair coming in was natural color at the roots. Not only was baldness overcome but the natural black color was restored to the hair. Renulife treatment stimulates the circulation of the blood so that the proper nourishment is given the hair, and with proper nutrition the pigment which gives the hair color is restored. The treatment of gray hair calls for great persistence, but it meets with success.

GRIPPE (Influenza)

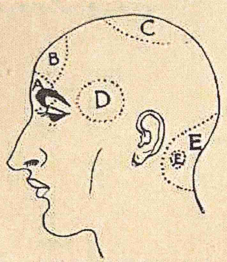
Inhalations of ozone are the quickest way to destroy the disease germs which attack the respiratory organs and cause Influenza and Grippe. Electrode No. 1 is also applied over the eyes, nose, spine and abdominal areas, and the small electrode No. 21 may be applied in each nostril. Grippe and Influenza are vicious diseases, leaving the patient in a debilitated condition. Renulife Violet Ray should be applied at the first sign of their appearance. The usefulness of Renulife in checking so many diseases at their very beginning—diseases which may become serious if no measures are taken to combat them—makes this instrument a household necessity. No home where health is valued can afford to be without one.

HAY FEVER

During an acute attack of Hay Fever a treatment every two or three hours with Electrode No. 21, which is placed in one nostril and then the other for from three to five minutes, followed by an inhalation of Ozone for ten minutes, brings decided relief. If a similar treatment is used daily for two weeks before the expected attack, it will frequently avert the attack of Hay Fever altogether or at least make it much milder.

"My husband, who is subject to hay fever suffered greatly with it after having flu. After just a few treatments of Renulife Violet Ray he is almost cured."

WHERE HEADACHES OCCUR



Headaches at A or B are congestive or frontal. Eye trouble or frontal sinus or nasal disease may cause the ache at A. Such pain may also come from a disordered stomach. A-B, from constipation; C, anemia or bladder disease; D-E, from disorders of middle ear, or of throat, eyes or teeth; E, nervousness, spinal irritation or female trouble.

HEADACHES

Frontal or congestive headaches are almost instantly relieved by a treatment with Renulife Violet Ray. Violet Ray stimulates the circulation, enables the blood to throw off the poisons which are at the root of the disturbance, and improves the general physical condition. To relieve headaches caused by disturbances, such as disordered stomach, constipation, eyes or teeth, etc., as indicated above, it is necessary to eliminate the cause. (See sections of this booklet dealing with such disturbances.)

Headache and Nerves—"Received a Model M Generator and I am very pleased with it. My headache left me and my nerves are much quieter."

Headache Cured—"I bought a Model K which I used to treat a headache which I had for one year, and I am glad to say I was completely cured in two months."

Conscientious Statement—"I can conscientiously recommend the Violet Ray as being beneficial for the headache."

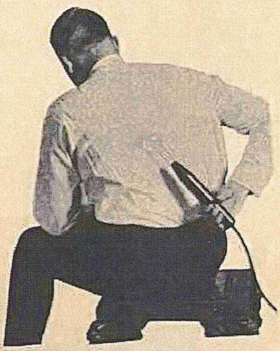
Prompt Relief—"I received my generator Model R just two days after I ordered it. I treated a headache and stopped it in three minutes."

INSOMNIA

Sleeplessness, or Insomnia, is the result of overworked, tired nerves. Applications of the Renulife Violet Ray to all parts of the body and particularly the spine have a sedative, soothing effect. Nerves are quieted and in nearly all cases natural sleep quickly follows. Continued treatments build up and restore the entire nervous system to normal.

"Have found it of great value in relieving insomnia."

LUMBAGO



Lumbago is very successfully treated with Renulife Violet Ray. This is a disease which grips you in the small of the back. It is, in reality, rheumatism of the back. No matter how severe the pain, Renulife brings relief speedily, and normal conditions are completely restored in a few treatments at most.

Apply through your clothing, to get the stimulating effect that brings circulation quickly to the part causing discomfort.

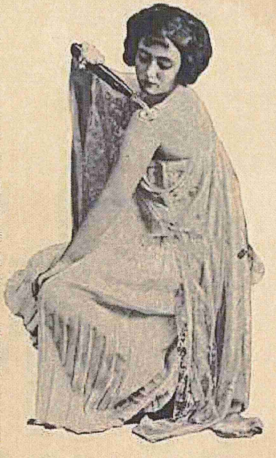
"I was down in bed with lumbago, unable to move unless I got help from someone. After one treatment of Renulife Violet Ray, I was able to get up the next morning. I have a machine at my home and would not be without it. I take great pleasure in recommending Violet Ray treatments to anyone who is afflicted with rheumatism or lumbago."

NERVOUS DISEASES

In treating the spinal column with Renulife Violet Ray current, the entire sympathetic nervous system is given a cellular massage which can only be obtained by this method of treatment. The most severe cases of nervous breakdown yield remarkably well to Renulife treatment. Ozone inhalations taken from five to ten minutes each day are also extremely beneficial.

"Renulife relieved me entirely of a serious case of nervous prostration, and I found it beneficial in various other ailments. I was a broken down person before its use, but am now entirely well and have used no other treatment than the generator."

NEURITIS



Neuritis is an inflamed condition of the nerves. The pain from it is similar to Rheumatism. The common form is Brachial Neuritis in the arm and shoulder. Violet Ray treatment over the painful area from three to five minutes twice a day quickly lessens the pain. With continued use of Renulife, the pain disappears altogether.

"I had neuritis in both my arms and sciatica in my left limb, and suffered so much I didn't know what a night's rest was. After taking fifteen treatments with Model M Generator, I sleep much better, and, whereas my limb was so painful I could only sit for about fifteen minutes, now I can sit as long as I please without discomfort."

NEURALGIA

Renulife Violet Ray is efficacious in the treatment of Neuralgia, which is caused by insufficient nutrition of the nerves. When the blood is below normal, the "starved nerve" cries out in pain. Renulife starts the blood circulating, feeds these nerves and restores them to normal health. Moreover, the oxygen contained in the blood is improved by Violet Ray, which improves nutrition. No one need suffer from Neuralgia or tortured nerves after obtaining a Renulife Health Generator.

"I purchased one of your Model "M" Generators about 5 weeks ago, primarily for neuralgia and nervousness. I have certainly found it all you claim. I would be glad to recommend this machine to any one."

PARALYSIS

Paralysis is not a disease, it is a symptom of certain forms of injury which cause the complete or partial loss of the motor function of the muscle fiber. Obstinate cases frequently require continued treatments for some time, but with patience, the cells are stimulated to life and the paralyzed muscles restored to use. Electrode No. 1 is applied over the paralyzed muscles and up and down the spine. Two treatments a day are advisable of from ten to fifteen minutes each.

"My affliction appeared to be extraordinary for a person to recover from as I have done. I had an attack of paralysis and my entire left side was afflicted. It also left me with very little desire for food, therefore my strength wasted quickly, but after the persistent application of your Violet Ray, I am gaining continually."

PROSTATIC DISEASES

Violet Ray has been found successful in the treatment of this distressing ailment common to so many men of middle age. Use Electrode No. 7 with medium to strong current, employing it through the rectum to reach prostate for an average of seven minutes. It may be used daily or twice a day in urgent cases. Be sure to turn the current off before electrode is inserted and again before removing it. The treatment as a rule should be taken under the advice of a competent physician.

"Early in July I bought a Model M Generator from your office, principally to treat myself for prostatic trouble and neuritis, and I want to tell you how much good it has been to me."

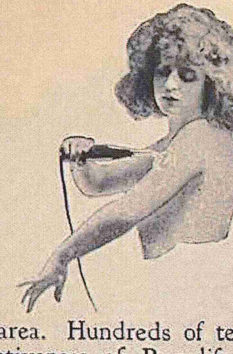
"The neuritis was eliminated within two weeks and has not bothered me at all."

"After doctoring for quite a while for what doctors said was prostatic trouble, I have used the generator as directed and can honestly say, I feel better in every way, and am not troubled as formerly, with that troublesome pain in the region of the prostate gland."

PYORRHEA

Violet Ray acts as a tonic to the spongy tissue of pyorrhea-infected gums. Loosened teeth are tightened and bleeding of the gums stopped. Use Electrode No. 44 in the treatment directly in contact with the gums.

RHEUMATISM (See Lumbago)



High frequency currents are of exceptional value in muscular and chronic articular rheumatism. In the acute articular form it is of comparatively little value. Renulife Violet Ray treatment reduces the uric acid in the system and relieves inflammation and pain.

Treatments should be taken every day and should cover the whole affected area. Hundreds of testimonials indicate the effectiveness of Renulife in treating rheumatism.

"I want to tell you what Renulife Violet Ray has done for me. It has put me on my feet after being a cripple for 14 years. At times I could not walk at all. I had rheumatism from my hips down to my feet. Everyone is surprised how good I can walk now—thanks to the Renulife Generator."

"I had a steady ache in my hip and my foot, ankles and calf were swollen badly. I had had nothing but slippers on all summer, but in the last two weeks by using the Renulife generator twice a day, the ache in my hip has practically left me and I can now jump curbstones, get on and off trolley cars."

SKIN DISEASES

(See Also Acne and Eczema)

Electrode No. 1 is employed over the area affected, with usually a medium strength current for about five to eight minutes daily.

"I had been subjected to pimples for almost five years and had tried everything, vibrators and all, but with no results. I have just used your generator one week, as I was out of the city when it came. Today my face is as clear as anyone could ever wish for."

SORE THROAT, HOARSENESS, TONSILITIS

All cases of hoarseness, loss of voice, throat infections caused by congestion, are successfully treated by applying Electrodes No. 1 and No. 4 from five to ten minutes over the front and sides of the throat. Ozone inhalations are also of distinct benefit. Actors, speakers and singers find Violet Ray treatment of great benefit. Congestion and inflammation are rapidly relieved and the nervous mechanism of the vocal organs toned up with amazing quickness.

"Using one of your Renulife Violet Ray generators for a short time has assisted wonderfully in relieving my throat before singing."

SPRAINS

Use Electrode No. 1 in direct contact with the surface. For old sprains, use sufficient spark to produce marked reddening of the skin.

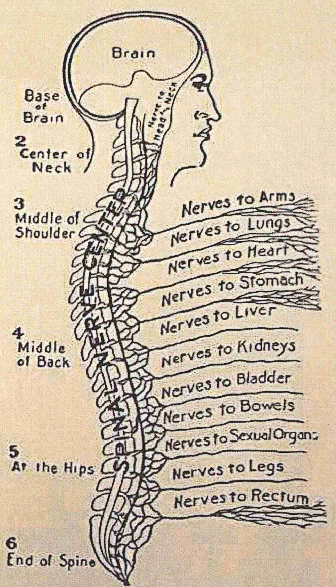
"After I sprained my ankle, I limped around for about a week with a cane, and it seemed to get no better. Finally, I went over and got my Renulife Violet Ray machine from some friends to whom I had loaned it, and to my surprise, I obtained immediate relief upon using it. I used it steadily until my ankle was completely cured."

WRY NECK (Torticollis)

Wry Neck or stiff neck in a sub-acute form is relieved by a treatment with Electrode No. 1 in back of the ears and down the back and sides of the neck.

"For eight years I was afflicted with a stiff, sore neck. After taking three Renulife treatments, to my great surprise, I felt some relief, and after eight treatments I was entirely cured and could turn my head and twist my neck without the least pain."

TREATING AT NERVE CENTERS

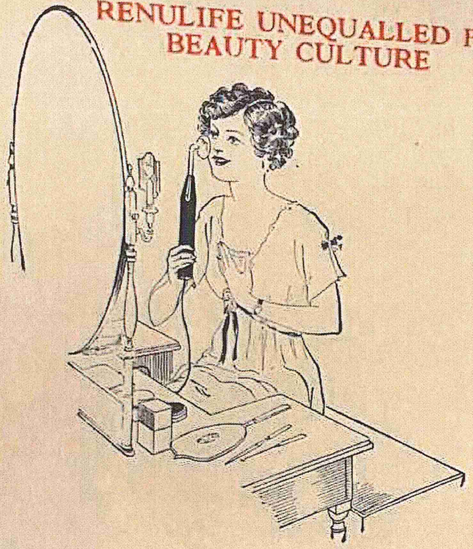


In the spine are centered nerves radiating to every part of the body. This is roughly shown in the accompanying illustration.

Chiropractors treat entirely upon the spine to relieve ailments in any part of the body. We have found also that Violet Ray treatments on the spine are very beneficial in addition to the regular local treatments; for instance, if indigestion is present, in addition to the direct treatment of the stomach region, there should be a thorough going over the middle back at the point marked 4 on the accompanying chart, or if headache is to be treated, as well as going over the forehead or the place where the pain is apparent, treatment should be taken at the base of the skull just where the nerves to the head and neck connect with the spine. This treatment brings nutrition and nourishment to the nerves and helps them to alleviate the trouble. In like manner the proper nerve center should be treated for any ailment, in addition to the local application. This indirect (nerve center) application will prove of much benefit in treating organic disorders.

In all nervous troubles, including nervous breakdown, neurasthenia, insomnia, nervous debility, neuritis, etc., and also for building up the body generally, treatment should be taken over the entire length of the spine. Where a quieting or sedative effect is desired, treatment should be in direct contact with the body with a medium current; where a stimulating current is desired, or where it is necessary to eliminate pain, sparks should be applied or treatment taken through medium thick clothing with a medium strength current.

RENULIFE UNEQUALLED FOR BEAUTY CULTURE



All beauty parlors today have adopted the Violet Ray as essential equipment. Our Renulife Violet Ray Generators designed for self treatments, virtually bring to your home all the advantages of the modern beauty shop. In fact, you are enabled to effect even more gratifying results than are possible through an occasional treatment at the hands of an expert, because daily you may make use of this wonderful agency which works with Nature to refresh and restore.

Its cosmetic value is particularly great, as it delivers its vibrating impulses into the tissues at a rate of frequency infinitely higher than any mechanical vibrator, and without stretching and "sagging" the skin or scalp. Parasitic bacteria that destroy the hair follicles and produce disfiguring eruptions are destroyed and eliminated while dormant nerve cells are galvanized into normal functioning.

FOR SKIN AND COMPLEXION

The Violet Ray treatment is delightfully pleasant, and is the most effective method ever discovered to retain a youthful appearance and to gain beauty. It will remove blemishes, warts, moles, wrinkles, crows' feet, pouches under the eyes, blackheads and sagging lines of the face and chin. A single treatment will convince you that it is a crime against yourself to be without a Renulife Generator when all marks and lines can be so quickly removed.

Besides the direct facial treatment with surface electrode, which treatment you can readily give yourself, you will find it very beneficial to hold in your hand the general electrode, or preferably the metal electrode, while another person massages your face with the hands. This draws the stimulating sparks to the surface thus massaged.

FACIAL MASSAGE

Cleanse the face thoroughly with cleansing cream. Then lightly run Electrode No. 1 over the skin to invigorate it and bring out healthy natural color. This treatment clears up muddiness, eliminates pimples and blackheads. Finish by cleansing with Witch Hazel or toilet water, and apply powder or rouge as desired. A daily Renulife Treatment will make you look years younger.

FILLS OUT AND DEVELOPS

The Violet Ray is applied through the surface electrode as a massage. When the face, chin, neck, and bust are treated with the Violet Ray, the blood is brought to the surface, the soft muscles are gently massaged, the lines fill out, the wrinkles disappear, and the bloom of health is renewed.

RELIEVING FATIGUE

Proper rest is essential to beauty and health. During sleep the fatigue poisons and waste tissue are removed from the blood, and the body is refreshed and invigorated. Renulife Violet Ray in a few minutes' time supplies the oxygen to the blood that hours of sleep produce. Massage the back of the neck, the forehead and the spine with Electrode No. 1.

OZONE CREATED BY RENULIFE VIOLET RAY

Ozone is simply a concentrated form of oxygen. Without oxygen we cannot live. When we breathe we fill the lungs full of air. The oxygen in the air passes through the walls of the lungs, purifying the blood, which is flowing through the walls of the lungs and which comes there from every part of the body to be purified.

It is the lack of pure air to purify our blood that causes us to be overcome with disease. Being cooped up in an office or factory all day long is responsible for many of our diseases and particularly diseases of the respiratory organs.

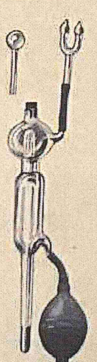
WHAT AUTHORITIES SAY

"Germs are destroyed by Ozone, and it has been shown capable of so thoroughly disinfecting sewage that the filtered water was pronounced suitable for drinking purposes."

"In Chlorosis and Anemia, Ozone inhalations are exceedingly valuable from a therapeutic standpoint, and give better and prompter results than any other forms of medication."

"Ozone is the remedy par excellence for Whooping Cough."

RENULIFE OZONE GENERATORS



The Renulife Ozone Generators deliver Ozone in large quantities for inhalation purposes. The Ozone penetrates every cell in the lungs, purifying the blood, destroying disease germs and soothing the inflamed tissues. For Asthma, Catarrh, Hay Fever, Coughs, Colds, Bronchitis, Tuberculosis, etc., Ozone treatments are particularly beneficial.

Our Ozone inhaler attachment No. 25 is designed to fit the handle of any Renulife Generator.

High Frequency Current conducted through this attachment creates Ozone in quantities, confines it and filters through Pine Needle Oil so that one may inhale it with maximum benefits.

Pine Needle Oil, a mixture of oil of Eucalyptus and oil of Pine Needles, has a soothing effect on the membranes and reduces oxides of nitrogen back to the original form of nitrogen and oxygen.

This glass Ozone Generator No. 25, fits handle of all Renulife models, furnishes Ozone for inhaling.

THE PROPER USE OF RENULIFE ELECTRODES

Highly skilled experts blow the vacuum glass electrodes in the Renulife Laboratories; each electrode must pass the rigid standards required of all Renulife products. The electrodes cannot be guaranteed against breakage inasmuch as they are made of glass but will last indefinitely if used properly.

The insulated Vacuum Electrodes are particularly recommended for internal treatment, because they are so constructed that the full strength of treatment is delivered at the tip only and not dispersed from points of contact nearest to the handle. In using internal electrodes always insert in the orifice of the body before turning on current at knob and turn current off before withdrawing the electrode.
